PARIS

LIGHTNING AND FURNITURE DESIGN

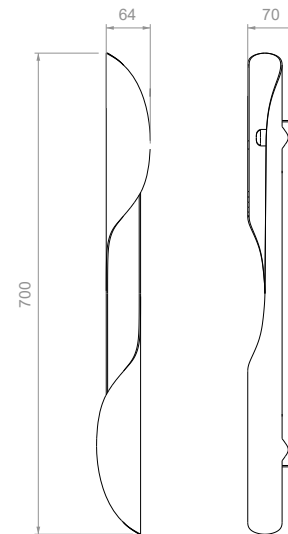

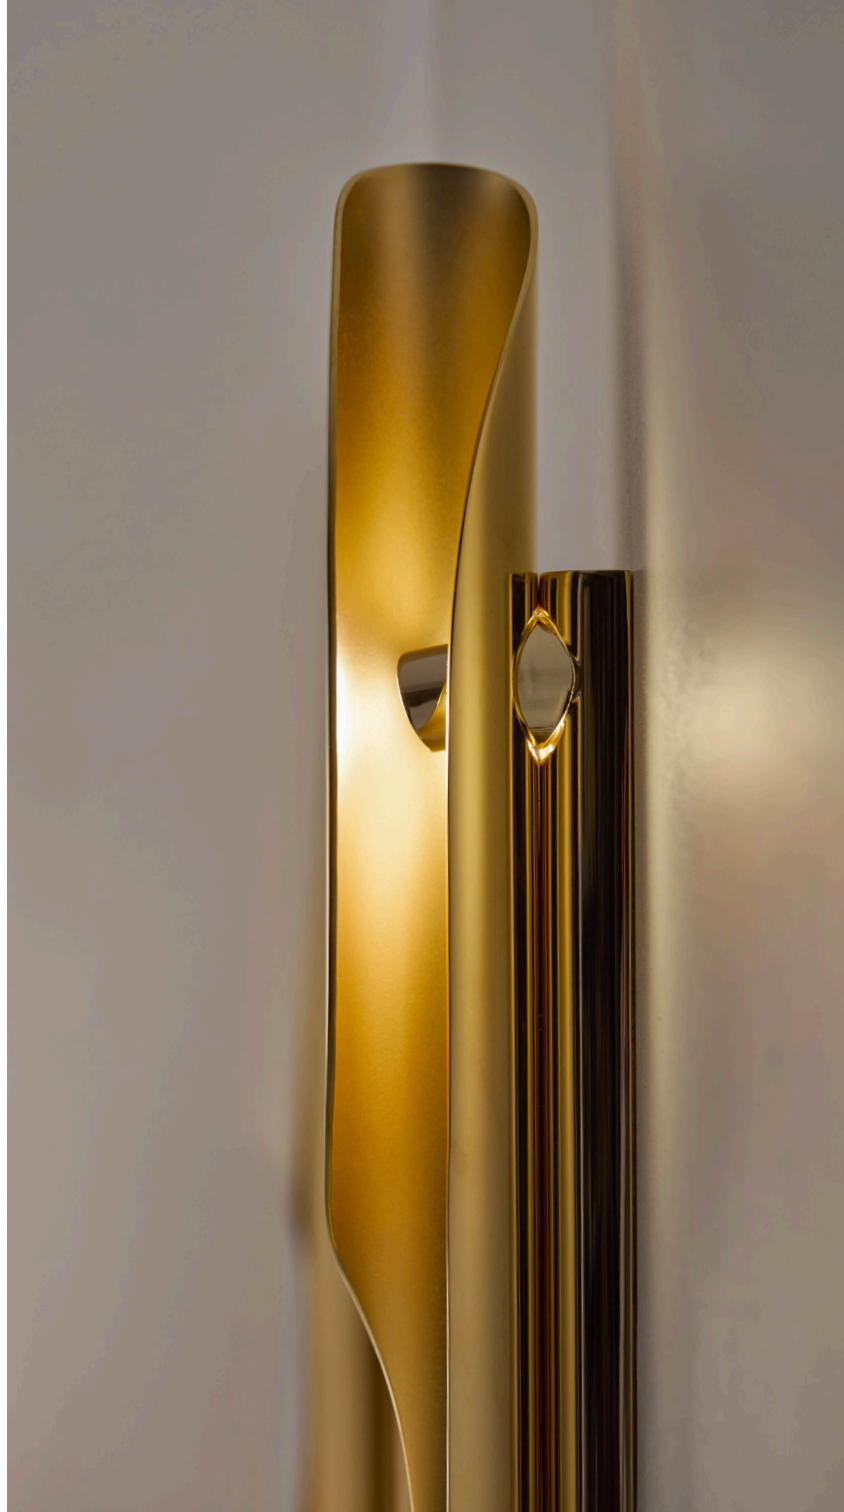

**Mydriaz Paris** is a lighting and decorative furniture design studio established in 2011. In the studio under the Viaduc des Arts, Jennifer Midoz and her team carry out large-scale projects, from the first sketch to production and installation. The pieces, all hand-crafted, can be found in prestigious boutiques, hotels and private apartments. Mydriaz exports its creations to the four corners of the world, catering to an international clientele. For over 10 years, Mydriaz's vision has seduced leading luxury houses, architects and decorators.

**Jennifer Midoz** is a graduate of the Ecole Boulle. After starting out in museography, she created her first brand as a jewelry designer. At the time, Jennifer was inspired by the pure, architectural forms of the Bauhaus, and the sculptures of Eduardo Chillida and Louise Bourgeois. Her passion? Playing with textures that catch the light... Perhaps this is what predestined her for the second stage of her career: the co-creation of the Mydriaz studio, where light plays a fundamental role.

The following products are intended to be customised and assembled into compositions.
